

REMARKS

As a preliminary matter, inventor Alex Kaminecki is deceased and a copy of his death certificate is enclosed. His wife, Frances Kaminecki, is administrator of his estate.

CLAIM STATUS AND SUPPORT FOR NEW CLAIMS 11 -25

New claims 11 – 25 presented for examination are fully supported in the text of U.S. Pat. No. 6,595,475.

Column 2, lines 1-6 describe a stand for a container, sized to accept the footprint of the container and exerting pressure on the exterior surfaces of the container. The container is described as having a rectangular footprint. The stand is describe as accepting the container's footprint. And exerting pressure on the container to hold it in place.

The specification is replete with references to the platform being constructed of wire. The wire diameter claimed in new claim 25 is found in column 2, lines 22-26.

Column 2, lines 14-26 describe the components of the platform that is claimed in the new claims. FIG. 2 clearly shows two support legs 204 and 206, however these two wire-formed legs actually provide four (4) supporting legs.

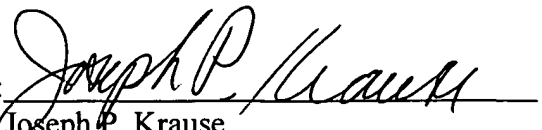

Platform side walls claimed in new claims are best seen in FIG. 2 and FIG. 4 and are identified therein by reference numerals 238 and 240. Specification text describing the sidewalls 238 and 240 appears in column 3, lines 14-20 and 50-54.

The claimed retention of a container between the claimed sidewalls by the spacing between the sidewalls is described in the specification in column 3, line 63 – col. 4, line 9.

Support for claiming a detergent container platform is found in column 2, lines 10 –13.

For the reasons set forth above, the applicant respectfully requests the new claims be allowed to issue forthwith.

Respectfully submitted,

By:
